

PIMPRI CHINCHWAD Streets for People CHALLENGE

Design competition brief
March 2021

About Streets for People CHALLENGE

The **Streets for People** Challenge is an initiative of the Smart Cities Mission, Ministry of Housing and Urban Affairs (MOHUA), Government of India, to inspire cities to create walking-friendly streets through quick measures, in response to COVID-19.

The Challenge aims to create flagship walking initiatives in cities, which focus on placemaking and liveability. 113 cities have registered for this Challenge to reimagine their streets as public spaces through the lens of economic regeneration, safety, and child-friendly interventions, in order to ensure a green recovery from COVID-19

The city-led design competition aims to crowdsource innovative ideas for designing and testing the pilot interventions through quick, low-cost solutions.

Congratulations

We congratulate all participants and winners of **Pimpri Chinchwad** design competition for their commendable contribution. The winning teams will now support the city in testing tactical urbanism interventions.
