PiCA Urban Design Students bag 2 out of 8 awards of Mumbai Metro Student Competition

The Urban Design students from Pillai College of Architecture (PiCA) are proud winners of the 'first runner up' and 'transformative ideas' awards of the Mumbai Metro student competition. These awards were announced at the competition's grand finale on 22nd November 2019.

The competition was a collaboration between ORF and MMRC to invite ideas related to the station area designs of the ongoing metro line 3 in Mumbai from students across the MMR. A total of 51 teams participated in it which went through workshops and interactions with the organisers and a total of 16 teams made it through the concept stage reaching the finals. All the 3 teams from masters Urban Design program at PiCA qualified to the final stage of the competition bagging 2 out of the total 8 awards. A rigorous jury evaluated the proposals from various perspectives. The winning teams from PiCA focused on last mile connectivity, multi-modal integration, priority to pedestrian and non-motorised transport modes and the creation of public spaces while incorporating sustainable practices.

The Marol Naka station which were the first runner up comprised of students Shreya Rathore, Snehal Chaudhari, Sameer Harare and Shreya Gawas. 'Marol was a challenging site in terms of land availability and complexity of functions that led to various transportation concerns' says Shreya Rathore. The students offered a seamless connection between the existing line 1 and proposed line 3 stations through an interchange. The station precinct proposal acknowledged the fact that Marol is fast transforming area and the metro as a transportation option should facilitate Marol as a key commercial node in Mumbai with transit oriented development and public realm as central themes adds Shreya.

The Science Museum team was dealing with an area that is witnessing substantial increase in commercial footprint on one side while city level landmarks of the Science Museum, Mahalaxmi Temple, Mahalaxmi Race Course, Haji Ali, etc. formed a rather stable socio-cultural district. 'The proposal envisaged the role of Science Museum Metro Station as a multi-modal integrator, cross-stitching these diverse and contesting fabrics' says Purva Gawde. The team with Purva Gawde, Pranali Shah and Pijush Mandal received a meritorious recognition for 'transformative ideas'.

The Cuffe Parade team which made it to the final jury stage worked on the concept of 'Uninterrupted' where in the external environment was reclaimed for the pedestrian movement and experiences through people centric design, place making strategies and process driven execution. The team members were Kamlesh Gade, Janhavi Hulawale and Vishal Patankar.

This competition is the culmination of almost six months of a process leading up to the design intervention. The teams were mentored by Richa Sharma who is a faculty and program coordinator for Urban Design at PiCA along with faculty members Madhavi Patil, Sanghamitra Barthakur and Kavita Sawant. Prof. Sharma says, 'The competition was one of its kind that allowed students to work on a live project. The learnings and exposure gained through this endeavour have been immense. We hope academic institutions get more of such opportunities to engage young minds in the making of the city and its future'. The teams of students and faculty extend their heartfelt gratitude to MMRC, ORF and their entire competition support team of mentors and jurors for having given this platform to academic institutions.

Inclusive Social Awareness-

In tough times like covid having floods and other natural disasters bringin life of people to the urge of death is really very depressing. All over the state of Maharashtra there is a large destruction due to the natural disasters and heavy rains. Many houses and many buildings all over are in the state of breaking down. There are people without food, shelter and clothing, the basic need of a human life. Within two days there were over 150 deaths and many losses of roads and buildings.

In these tough times people all over the world are coming together to help and join hands together to prove humanity. In the similar way the MES institute PiCA, the SENATE- the Student Council body of PiCA and Anubhuti - the social wing of PiCA came together with Muslim Welfare Society Lanja to help the Chiplun regions of Maharashtra which had seen major destruction.

LETS UNITE

MAHAD & CHIPLUN, Maharashtra

In this difficult times, let's join hands & stand as one,
we humbly urge all the students & faculty members
to provide their support & contribution to this generous cause.

SENATE- The Student Council of Pillai College of Architecture (PICA), New Panvel
and
Anubhuti-Social Service Wing of PICA

Poster Of The Event.

How was the fund raising conducted?

The day was celebrated by spreading awareness among people about the worst situation of the area by sending pictures via social media and letting people know about it.

Then there was a 2 days donation drive/ fundraising program arranged wherein the whole of the college and the people from outside of the college, both inhouse and outhouse initiated to come together and help the people with whatever amount they could. All payment modes were made open - gpay, paytm, bank transfer etc. Everyone from students, the faculty, the alumni and their friends and neighbours contributed open heartedly together getting a huge amount of 50,000 rupees.

50,000 given to Muslim Welfare Socceity Lanja had iniated to help the people affected in Chiplun region with sanitary pads, water bottles, clothes and other necessary medication like paracetamol, mosquito repellents etc to help them from water bound diseases.

Highlights:

Activities conducted this year were both for fun as well as entertainment and Skill building.

1. Inspiring people, spreading awareness about the issue.
2. Donation of basic requirements in the flood prone areas.
3. Helping people around bringing human qualities.

Takeaways -

Donation is always a two process. Here the process is where you donate the basic needs for someone else's needs someday.

In the end donation is always a "your" thing where things come back to you.

Thank you to,

All participants.

PILLAI COLLEGE OF ARCHITECTURE, New Panvel		
Community Service Day		
Anubhuti Event	Session: 2022-23	YEAR - I, II
Date: 4 th February 2023	Time: 11:00 am – 4:00 pm	Semester: I, IV

Anubhuti in charge:	Prof. Nitya Pratap, Prof. Ashwini Bhosale Patil
Anubhuti coordinators:	Isha Sheikh, Kirti Bharambe

Anubhuti, the social service wing of Pica had organized a workshop for children from underprivileged sections of society and orphanages as part of the Community Service Daycelebrations done every year in Pillai College. Around 22 students accompanied by a volunteer from Bhairavdev Vidyalaya near Panvel came to the college for this purpose. A total of 10 student volunteers from the 1st and 2nd-year batches of architecture signed up for this cause and helped carry out the activities smoothly.

Two student volunteers accompanied the bus that brought the children from the school to our college. As soon as they were brought to the college, they were provided with lunch at 12:30 pm and then with the badges. The workshop was carried out in the 3rd-floor architecture studio and it began at around 1 pm. The children participated actively in the craft and origami workshops, followed by a small dance workshop to conclude the session. Before leaving, the children were also provided with small snack boxes and gifts from the college. The event finally ended successfully at 4 pm and the children were accompanied back to their school by two of our student volunteers from the college.
