Library:

PiCA library is located on the second floor with a floor area of 202 sq. mt. PiCA Library caters to the students of Architecture, where the library functions not only as a reference guide but a valuable resource in sculpting students' life.

PiCA Library maintains a core collection of more than **7200** valuable books. The diversity of the library collection includes reference books, textbooks, national and international periodicals, bound journals, University papers, project reports, standards and non-print materials such as CDs, maps, etc. The library maintains a separate reference collection consisting of Encyclopaedias, dictionaries, directories handbooks, and atlases. We add more than 200 books to our collection every year for the benefit of our users. Accession registers for various collections are maintained properly.

The environment of the library is very lively and fresh. It also has WiFi, scanning, printing and photocopy facility.

Integrated Library Management System (ILMS)

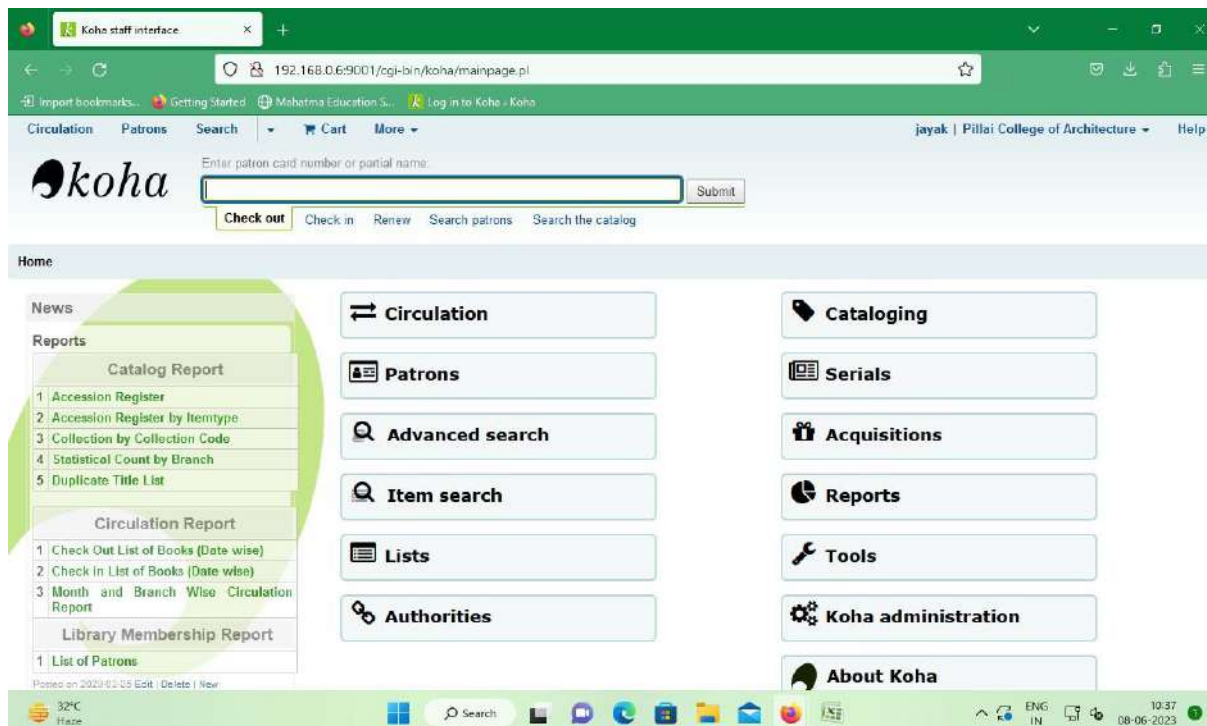

Open source library automation software named KOHA serves as the library's ILMS. Koha is a full featured Integrated Library System (ILS) specially meant for automation of library services and activities. This software has individual modules for acquisition, cataloguing, circulation & patron management, serial management, Tools, Web-OPAC, reporting and administration.

	2022-23	2021-22	2020-21	2019-2020	2018-19
ILMS Name	Koha	Koha	Koha	Koha	Koha
Nature of Automation	Partially	Partially	Partially	Partially	Partially
Version	21.11.05	21.11.05	17.05	17.05	17.05

Koha software is used worldwide in all range of libraries and has proven to be a true enterprise class ILS with comprehensive functionalities.

Koha Home Page

Koha ILS facilitates easy and quick access to books, journals and other publications and automation helps the library to be more flexible.

Library patrons are provided with the OPAC (Online Public Access Catalogue) facility. OPAC provides a simple and clear interface for library users to perform tasks such as searching for and reserving items and suggesting new items.

Access to OPAC Portal at <http://192.168.0.6:9000/>

Patron In Out Management System

Pillais in-house software cell successfully implemented a **Counter system** based on barcode technology to record the information of daily visitors of the library. Pica library has been using this counter system since 2017 instead of traditional visitors' entry register. The visitor has to simply scan the bar code printed on the identity card while entering and before leaving the library.

The statistics of patron visiting on particular date can be seen by the link

<http://192.168.0.6:9000/inout/login.php>
