How is the day celebrated?

For celebrating World Water Day, we showed an inspirational video by Paani Foundation. The video shows how the people of Maharashtra came together defeating the darkness, people set out on torch-lit-rally's hordes of people gathered in the fields, to resounding drumbeats. And as this madness grew, a storm of change grip the entire state. They were united in the single resolve of defeating drought. The people from the video explained to us the importance of water and how precious it is to everyone.

They also schooled us about the different types of water conservation methods. Quiz was conducted on the current affairs of water crisis. It was conducted house wise. Each house consisting of five members. There were three rounds. after each round one house was eliminated with the least points and at the end the team with maximum points was winner. The winner of the quiz competition were house "centaur" and "titan".

Students also contributed in raising the awareness about world water day by clicking photographs on the theme of water conservation. The students showed great participation in the quiz competition on current affairs of water crisis.

Inclusive Social Awareness:

Talavs, lakes and other water resources contribute to the major part of wetland ecosystems of the Konkan region. Being the traditional rainwater harvesting systems, the exploitation and depletion have led to many barren dried-out planes. Water as a resource contributes to climate mitigation, biodiversity, and much more contribution to other environmental aspects.

Consideration of water as a vital entity for mankind is exploited which has to lead to depletion of resources. Awareness and necessary guidance in order to preserve safeguard and restore our natural resources lie in our hands.

This calls upon awareness and strategic use of resources with the right mind to preserve and restoration of the talavs.

Anubhooti- MES Pillai College of Architecture’s social service wing along with the SIBC came together with the PMC – Panvel Municipal Corporation came together to celebrate the occasion of World Wetland Day on 25th January 2022, by holding a public exhibition to highlight the importance of talav sites of Panvel city and to look into the issues and work on them. The work firstly started with developing and looking back at the talavs of Panvel – which holds importance in the historical timeline of Panvel.

Inclusive Social Awareness:

World Environment Day is observed on 5th June every year with a motive to raise awareness and portray the importance of Mother Nature. The environment plays a vital role in the existence of the planet earth. Earth, which is home to different living species, is being constantly exploited to the very reasoning of the existential crisis of not only us but also other living creatures as well. Drastic changes in the environment at an alarming rate have pushed us to focus on and rather protect the environment, making it sustainable for all living organisms. This year's theme, 'Only One Earth' is to focus on the World's togetherness in the direction of creating an atmosphere encouraging peace, harmony, prosperity, and health by saving nature and life. The strategy of the theme is to create and adopt a lifestyle, pollution-free and sustains the green land. This planet is our only home and we need to save it for upcoming generations.

Anubhuti- MES Pillai's College of Architecture's social service wing celebrated the same by conducting a plantation drive on 8th June 2022.

The event was graciously attended by Dr. Sudnya Mahimkar ma'am, the principal of PICA. The event started at 11:20 am with Dr. Sudnya Mahimkar, principal of PICA, planting a sapling. This was then followed by sapling plantation by the faculties, non-teaching staffs and the students of PICA as well.

Training and Awareness Program on Rights of Woman		
	Session :	Year:2023
Date : 5th December, 2022	Time:2:00 pm	Venue: Mini Auditorium

Faculty	Co-ordinator : Shubhangi Bhide, Sumitra Kadam, Sayalee Kulkarni
	Guest Speaker: Dr. Karuna Malviya

In today's fast-paced world, women have been multi-tasking and playing an important role in shaping the progress of nation. However, in this journey, they often become sufferers of abuse, violence, sexual harassment etc. Considering the fact that women have to face these issues in day-to day life, MES Pillai College of Architecture and Pillai College of Arts, Commerce and Science along with Women Development Cell conducted an inforamory session on rights of women with respect to sexual harassment at workplace and domestic violence for non-teaching female staff of the campus. The target audience was majorly the house-keeping female staff as they are often the ones who are hesitant to raise their voice against such incidences. The guest speaker was Dr. Karuna Akshay Malviya who is a well-known lawyer and has worked intensively on women's rights. She very well explained everyone about the actions that come under domestic violence and sexual harassment. The most important point highlighted by her which most people are unaware was that domestic violence and sexual harassment need not always be a physical act but also includes psychological abuse. The entire process right from lodging a complain to the proceeding methods was elaborated by Dr. Karuna. She also mentioned the importance of lodging a complain under F.I.R. in police station rather than under non-cognizable offence and informed about zero F.I.R. for cases wherein the police station doesn't come under the jurisdiction where the offence has been conducted. The house-keeping female staff also shared their experiences, asked queries and got their doubts resolved. Overall, the session was very informative and insightful for all the attendees. Laws are made for the public and its very necessary that the public is aware of their rights and duties. This lecture was an apt session for making women aware of their constitutional rights if they face any domestic violence or sexual harassment at their workplaces.

Legal awareness of women's rights amongst the youth		
Subject : International Women's Day	Session :	Year:2023
Date : 10th March	Time:2:30 pm	Venue: 6th floor Auditorium

Faculty	Co-ordinator : Shubhangi Bhide, Sayalee Kulkarni
	Guest Speaker: Adv. Amit Chavan

Legal empowerment of women is an effective tool to grant them courage to face the challenges of life and seek justice for the crimes against them. Awareness of the rights of women can be truly meaningful if that awareness is created amongst the younger generations of our society, as such awareness assists a person in identifying his role in the general social upliftment of the country and its people. As a step towards reinforcing the women empowerment, PICA's Women Development Cell (WDC) along with senate council had organized a seminar on "Legal awareness of women's rights amongst the youth".

Adv. Amit Chavan who is a practicing lawyer in Panvel was invited as a guest speaker. Adv. Chavan practices law since 2011 at E.A. Chavan and associates located in Panvel, Navi Mumbai and are listed under – legal documents family law and property law. He specializes the civil, family conveyance and revenue and tenancy.

The session began with an audience of around 90 students and faculty members in the mini Auditorium of PICA. Adv. Amit Chavan was welcomed with a short introduction by senate council student and then the stage was handed over to Adv. Amit after which he started off with a very interactive session and believed that mere PowerPoint presentations are always one sided conversations. As he started interacting, he provided nice insights of the "right of choice" for a female in other animal families than human. The example of male weaver bird building a house and getting it approved from the female weaver bird was very much relatable and was etched in the mind of the audience. The conversation then went to the technical terms of law in which he introduced few legal terminologies like modesty, disrobing, dishonoring, outraging modesty etc. he made everyone understand what the terms mean and what it can cause if a woman decides to take legal assistance for enacting laws against them. Few of the laws were specified for the male audience as it is necessary for them to understand and be aware of, if in any case they see any misdeed happening towards a woman around them, even they can enact if they are aware of the legal rights that women possess. Adv. Amit tried to keep the conversation very simple, with very less technical terms as the aim was to make everyone aware of the rights and not spread only the book knowledge.

The seminar concluded with question answer session wherein the audience seemed very keen as a lot of questions came up and each of them were very humbly answered by our guest. WDC expressed its gratitude towards our guest by presenting him a token of appreciation.
