**Brief Description :**

The two hours long session began with the introduction to speakers by Prof. Tanaya Deka. The presentation was given by Architect Keshav Chikodi on his experiences in a variety of projects through his journey. The presentation mainly highlighted his Professional Experience and Knowledge to the students on following topics.

1. PROFESSIONAL PRACTICE
2. INTERNSHIP (SKILLS REQUIRED )
3. JOB / ENTREPRENEURSHIP / START-UP

The take away from his discourse was that the architects must be proud of our heritage and have a capability to do better. He shared his Professional experiences from his work in USA with different firms.

He introduced students with various government departments and shared a list of legal documents needed from approval to completion of the project.

Under INTERNSHIP or developing various SKILLS the first step is to identify the goal, then types of project that interest us and finally deciding upon the firm size where there is a scope to develop the

skills required.

The insight was given regarding a path to start up architect's own practice discussing various issues related to it. Approaching clients, participation in various competition and other possibilities were discussed that are required for starting up and a successful practice.

The scope for further education and opportunities in other fields allied to architecture were also discussed during the discourse.

The seminar was successful with the active participation of the students who shared their views and queries with respect to the internship, skills development, starting up one's own practice and further education opportunities within India and abroad.

The students expressed how useful was the discourse and the presentation was, how it provided a different perspective to look at the future and also got their queries answered.

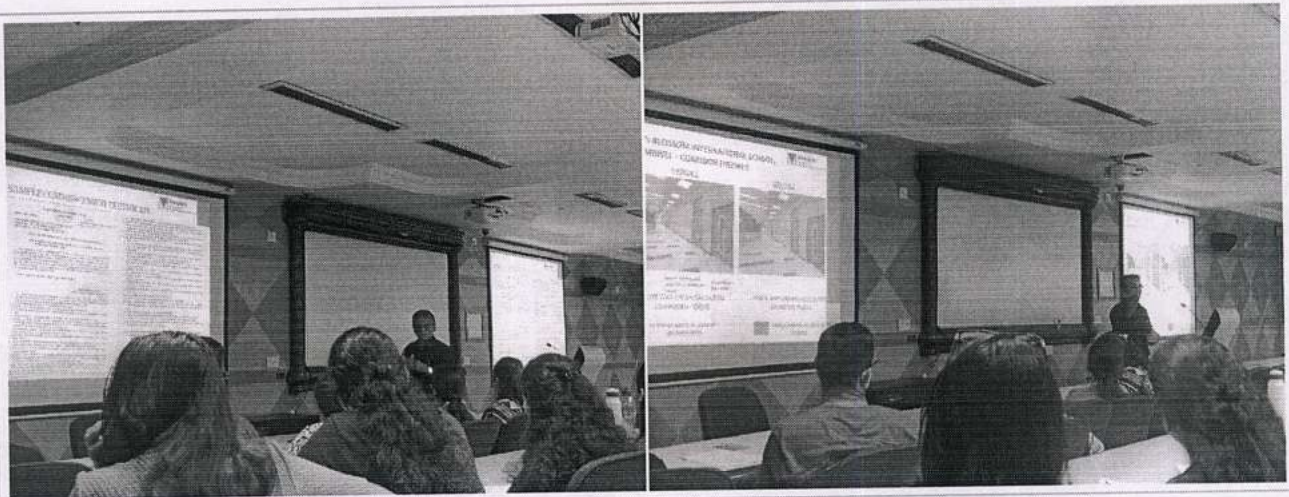

The Vote of thanks was given by Prof. Jui Choughule.

The session started with introducing Ar. Salil Keny, Alumni of Pillai college of architecture working as A Job Captain/ Designer in Kenneth Boroson Architects, New Haven- Connecticut, USA. The objective of the session was students can have one to one discussion with him and understand how to cope with the different the life style, culture ,food etc. also the major problem how to tackle finances. Etc. while pursuing there post graduate degree overseas.

Salil started his talk with how to select university for admission,considering the university level, also one as to look for the city its lifestyle distance from where you stay, this will help in deriving how much you need to spend and how you can save , secondly the course time whether its 2years , 1-1/2 years course and visa period extended after completion. He also spoke of the work folio the students should make and get verified, which help in getting admission. He spoke regarding selecting field in which you are interested and want to develop as a career in future. don't select just because your friend had opt for it. He also explain his experience in US, various jobs he did how he selected them ,which helped him in completion of his course. He told students doing a part time job to earn is necessary but selecting a proper job is more important .

The students also asked various questions related to architecture working style abroad, what are the

| <p><b>"Preparing for placement"</b><br/> <i>A discourse on how to select architecture firms for internship, applying to architecture firms, writing cover letters, preparing résumé and making portfolio to get the desired job.</i></p> <p>This year the job market seems to be opening up since the last whole year of Covid pandemic. Thus, 4<sup>th</sup> year students have a good chance at getting interesting opportunities of internships.</p> <p>To help PiCA students get good opportunities, it is important for them to have a great application package. This seminar aims to prepare our students in preparing this application package mainly Resume, Cover letter and portfolio.</p> <p>In our field, there are many different firms that specialize in a particular stream. Interior design, Furniture or product design, Landscape design, Urban design are to name a few. Students need to express their interests and prepare their applications accordingly.</p> |                            |  |

**Brief Vitae of Ar. Sachin Mulay:**

Sachin graduated from PiCA in 2001 and since then has worked in India and in the US with several international firms including Atelier Jean Nouvel, Cannon Design and Perkins Eastman. His primary strength is in designing educational campuses. After his master's studies at Cornell, he had attended a short course about career guidance. For the past three years, he has been conducting an Internship Development program at Perkins Eastman; which involves carefully selecting the interns for the Mumbai studio and mentoring them to brush-up their visual communication, practice related knowledge and interpersonal skills. The program includes interactive activities, outdoor events & presentations. He is here to share with the you all the relevant tips and observations about what goes into putting together a successful application package.

**Seminar Minutes:**

Kavita Pradhan introduced the program of Internship Seminar. She explained the Mumbai University requirements of Internship.

She also introduced Ar. Archis Kulkarni. He began his presentation with how important the internship is in the career of architecture and how it can lead to various career avenues.

He further explained the students to think about their 'agenda' – they should think what they want from the internship.

He further talked about what students should consider – Location, typology of work, scale of the practice, preferred sector if any & student's own primary career choices.

Archis explained how students should go about the selection criteria of internship. He mentioned that students should look for vacancy, brand value for post-graduate studies, study publications, research done by the firm if any, study their work on website and social media, listen to lectures or presentations if any, consider personal recommendations from a trusted source, past work-ex with association with a college if any.

He advised students about how to apply, how to follow up and what to include in resume, portfolio etc.

The session followed by a Q & A. Archis cleared students' doubts successfully.

The session followed by screening of the Recording Sachin Mulay's Talk in 2020. The minutes of screening are as follows:

Kavita Pradhan introduced Architect Sachin Mulay. He began his presentation with Resume preparation. Sachin elaborated on what to include and what not to include in resume. He mentioned the hobbies

that are directly related to profession like photography, travelling. He highlighted that if one is significant achiever, like a classical dancer, or musician who has done recordings, then must mention in the resume. He stressed on test prints and carrying 2 copies for interview.

He then talked about presentation format of Portfolio. He gave various examples of presentation styles and how emphasis needs to be placed on certain graphics to highlight the same. How certain sections can extend on both pages. Spiral binding is preferred for portfolio.

In the end Sachin talked about Dos & don'ts of cover letter. How it is important to keep cover letter short yet it needs to connect with the employer. How the students can give references of their own Thesis and the firm that they want to intern with how it can add significant value to the student's professional development.

Prof. Jinu Kurien joined in as we were discussing about opportunities for internship during Covid period. He elaborated how its is possible to do completely online internship with more polished software skills for the students. The webinar ended on positive note with students looking at having opportunities in the current times.

Dear 4th year students,

You are aware that as per MU curriculum, you need to do the 'Internship' in semester 8. To help you prepare for your internship, the **Internship Seminar** is planned on **1st Sept at 2.0 pm** onwards. The discourse will focus on 'preparing the resume', cover letter, portfolio and which firms to apply'.

The attendance is compulsory for this event.

Looking forward to seeing you,  
Regards,

**Kavita Pradhan**

On account of INDIAN ARMY DAY 2022, Anubhuti of PICA and Senate, PiCA Student Council in association with women development cell organised the Guest lecture titled 'Career opportunities in Defence particularly for women' by Capt Tanuja Kabre

#### WHO IS CAPT TANUJA KABRE?

Capt Tanuja Kabre is a retired Army Officer who has chosen to follow her passion at every junction in her career path. A graduate in Physics, Post Graduate Diploma in school counselling, PGDBM in general management. She has served 5 years for our country as an adjutant in Rajouri, Jammu and Kashmir and retired as a captain from Mhow, Indore as a barrack store officer. She was selected for the Army Marksmanship Unit in Mhow for pistol shooting. She has made remarkable contributions to various flood relief operations in the North East. After visiting various schools and colleges as a motivational speaker she realized that there is a huge gap between the existing schooling system and opportunities to learn leadership skills in various careers. She came up with a unique idea to develop a campsite in a severe jungle near Mumbai and started her very own brainchild 'Fauji ki Paathshala'.

11.00 : Preparing for Placement: Presentation by Ar. Sachin Mulay

Dos & Don'ts of preparing Resume, Cover Letter & Portfolio

2.00 : Insights: Presentations by 5<sup>th</sup> year students to 4<sup>th</sup> year showcasing their portfolios

**Brief Vitae of Ar. Sachin Mulay:**

Sachin graduated from PiCA in 2001 and since then has worked in India and in the US with several international firms including Atelier Jean Nouvel, Cannon Design and Perkins Eastman. His primary strength is in designing educational campuses. After his master's studies at Cornell, he had attended a short course about career guidance. For the past three years, he has been conducting an Internship Development program at Perkins Eastman; which involves carefully selecting the interns for the Mumbai studio and mentoring them to brush-up their visual communication, practice related knowledge and interpersonal skills. The program includes interactive activities, outdoor events & presentations. He is here to share with the you all the relevant tips and observations about what goes into putting together a successful application package.

**Webinar Minutes:**

Kavita Pradhan introduced Architect Sachin Mulay. He began his presentation with Resume preparation. Sachin elaborated on what to include and what not to include in resume. He mentioned the hobbies that are directly related to profession like photography, travelling. He highlighted that if one is significant achiever, like a classical dancer, or musician who has done recordings, then must mention in the resume. He stressed on test prints and carrying 2 copies for interview.

He then talked about presentation format of Portfolio. He gave various examples of presentation styles and how emphasis needs to be placed on certain graphics to highlight the same. How certain sections can extend on both pages. Spiral binding is preferred for portfolio.

In the end Sachin talked about Dos & don'ts of cover letter. How it is important to keep cover letter short yet it needs to connect with the employer. How the students can give refernces of their own Thesis and the firm that they want to intern with how it can add significant value to the student's professional development.

Prof. Jinu Kurien joined in as we were discussing about opportunities for internship during Covid period. He elaborated how its is possible to do completely online internship with more polished software skills for the students. The webinar ended on positive note with students looking at having opportunities in the current times.

**Internship & Placement Webinar:**  
**Sachin Mulay:**

Introduction: Sachin graduated from PiCA in 2001 and since then has worked in India and in the US with several international firms including Atelier Jean Nouvel, Cannon Design and Perkins Eastman. His primary strength is in designing educational campuses. After his master's studies at Cornell, he had attended a short course about career guidance. For the past three years, he has been conducting an Internship Development program at Perkins Eastman; which involves carefully selecting the interns for the Mumbai studio and mentoring them to brush-up their visual communication, practice related knowledge and interpersonal skills. The program includes interactive activities, outdoor events & presentations. He is here to share with you all the relevant tips and observations about what goes into putting together a successful application package.'

**Webinar Program:**

3.0 pm: Sessions on above-mentioned Seminar Content topics

**By Mr. Pritam Save, Ms. Dilpreet Kaur**

**3.45 pm: Q & A**

4.0 pm: Vote of Thanks by Kavita Pradhan.

**Webinar Minutes:**

Mr. Pritam Save started the session with the question – ‘Why Overseas Education?’. He explained various global career opportunities. He talked about quality of education abroad and pointed out that there are not as many universities of quality postgraduate education in India. There is the competitive edge and university abroad helps to acquire new skills. He also talked about ‘Student Life Abroad’ and gave an ‘Overview of Scholarships’. He mentioned that based on merit, scholarships are given by universities abroad to the foreign students.

Subsequently ‘Study Abroad Information was given by Ms. Dilpreet Kaur Rao about selected countries. Students were told about competitive exams to appear namely GRE, TOEFL, IELTS etc and which country needs which of these exams qualification.

Requirements of admissions of different universities of different countries like USA, Canada, Australia, UK, Singapore, New Zealand etc. was explained. Ms. Dilpreet Kaur talked about Australia & New Zealand.

Students were also told about work opportunities & part time jobs for students was explained in detail.

Mr. Pritam presented a ‘Destination Matrix’ having course details and fee structure of different countries. Cost of education, fees, living expenses was described. When the masters course is finished, various countries give practical training opportunities. The duration of this varies as per countries. Also after the training process completes, how to get the permanent work permit was explained thro’ a matrix.

Changes in admission process and classes conducting due to Covid-19 pandemic in many universities was explained by Dilpreet. She explained that many universities are delaying the start date by few months to even a semester.

She assured students that their admission maybe differed but the classes in selected courses will be started for those who have already taken admissions in overseas universities.

Students asked many questions regarding scholarships that were explained by Pritam and Dilpreet both.

Vote of thanks was given by Prof. Kavita Pradhan.

**PiCA Alumni Talks**

'PiCA Alumni Talks' – a Webinar Series organised by PiCA Student Council and X- Pican, the Alumni Association of the college – to mark the golden jubilee year of Mahatma Education Society.

The series aims to highlight and commend myriad professional journeys and achievements of PiCA's alumni who are spread in every corner of the country and across the world and have made their alma mater proud with their good work.

**The speaker for the first webinar held on 30 May 2020 was Eranna Yekbote (PiCA batch 1992- 97), Chief Architect at Era Architects.**

Era Architects, established in 1999, has designed and delivered a large number of projects across 33 countries worldwide in various fields such as cinema screens, performance auditoriums, hotels and hospitality, shopping malls, exhibition design etc.

The session was moderated by Prof. Smita Dalvi. It can be viewed on our YouTube channel:

| <b>Session Minutes:</b>   |                                 |   |
| Minal Modak explained history of Architect's Law since independence. He highlighted on the importance of registering with COA and how it gives us a right to practice throughout India. IIA's role was explained and the students were informed about IIA chapters in the vicinity.<br><br>Architect plays various roles in practice and the issues related to the same were discussed. Importance of documentation was explained and Minal gave examples of his practice when lack of proper documentation and communication issues could have got the architect into trouble. He stressed that the making contracts between architect, client and contractors is very important and its necessary to register the same. |                                 |   |

**Session Minutes:**

**"Preparing for Post Graduate Study"**

Prof. Kavita Pradhan mentioned in her introductory speech that the 5<sup>th</sup> year students, currently busy in their thesis work are also planning their post graduate study which has become very important in today's era.

Ms. Akshata Rao proceeded with details of various competitive exams that are applicable for various countries. She explained about different courses where GRE score is mandatory namely Construction management, M. Arch. For some design related courses, GRE may not be mandatory.

She explained the subjects in GRE exams and told that 4 universities will get scores reported at no charge by GRE.

TOEFL is the test of English language which is also the requirement for VISA in USA. The minimum score requirements are mentioned by universities.

Akshata informed that IELTS is accepted by all countries. Scores are valid for 2 years. British Council IELTS is simpler compared to Australian - IDP, but the dates available are fewer and they get filled soon. PTE is similar exam accepted by Australia.

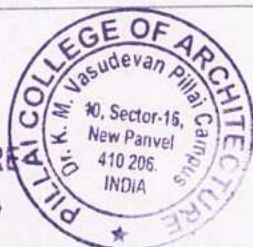

Akshata also explained about GMAT, the exam required for management courses.

She also offered to give students a mock test of IELTS and TOEFL.

It was explained to students how much time is required for preparation of GRE & IELTS.

**Seminar Minutes:**

Architect Jinu Kurien started the session with various examples of application letters written to their firms by many different students and highlighted on the mistakes that students commonly made. He then described the correct way of writing applications. He also discussed various resumes templates that students commonly use and he pointed out obvious mistakes in them. This gave students a clarity on 'what not to do' and also the professional way of preparing resumes and application letters.

Ar. Jinu Kurien elaborated on various details of Portfolio preparation. He gave students clarity about do's and don'ts of preparing portfolios and communicating with prospective employers to follow up on the application.

Ar. Jinu Kurien opened various different career options that are not directly related to architecture, yet many Architecture graduates have successfully established their careers in those streams.

Prof. Kavita Pradhan highlighted on university guidelines of professional practice internship. Also described the requirements of preparing a report and maintaining records in the form of log sheets during the duration of the internship.

| <b>" Career in Computer Software for Architects"</b>   |                              |  |
| Aim is to create awareness among current 5 <sup>th</sup> year students about the opportunities available in profession related to architecture, allied and computer software fields.   |                              |  |
| <b>Lecture Minutes:</b>  |                              |  |
| <p>Sabu Francis started his talk by introducing himself and described his decades of association with PiCA. He emphasized on architecture being mother of several arts and hence opens up career opportunities in various allied domains like photography, art, advertisement, media and graphics etc.</p> <p>He stressed on the presence of stiff competition in the outside world and how young architects need to be prepared for various challenges. Sabu Francis talked about how the youngsters need to be prepared for the changes that will be in store for them in the future.</p> <p>He introduced his software TAD and explained its benefits. He explained how the students can take up programming to resolve issues that are faced while using other available software.</p> |                              |  |

| <p>A career in research in the field of architecture can be both intellectually rewarding and impactful in shaping the built environment.</p> <p>Research in architecture involves the systematic investigation of various aspects related to the built environment. It aims to generate new knowledge, improve existing practices, and address real-world problems.</p> <p>Architectural research can be diverse, spanning from theoretical and historical studies to practical and technical inquiries. It can be interdisciplinary, combining aspects of design, engineering, sociology, environmental science, and more.</p> <ul style="list-style-type: none"> <li>• Design Research: Investigating design theories, processes, and methodologies.</li> <li>• Environmental Research: Exploring sustainability, energy efficiency, and climate-responsive design.</li> <li>• Historical Research: Analyzing architectural history, preservation, and restoration.</li> <li>• Urban Studies: Studying urban planning, transportation, and the impact of architecture on cities.</li> </ul> |                             |                              |

- Technology Research: Investigating building materials, construction methods, and emerging technologies.
- Social and Cultural Research: Examining the socio-cultural aspects of architecture, including user behavior and cultural context.

Many researchers in architecture pursue academic careers, teaching and mentoring future architects and researchers. Research findings can influence policy and planning decisions at the local, regional, and national levels, especially in areas like urban development and sustainability. Research can enhance your professional profile and open up opportunities for leadership roles in architectural firms, research institutions, or government agencies.

**Seminar Program:**

12.30: Assemble at room 201

12.35: *Welcome message* : Prof. Kavita Pradhan

**Session on:**

**1. Understanding the concept, nature, scope & areas of research in architecture**

**2. Methods & tools to research**

**3. In architectural field & higher studies the role of research**

12.40-2.10: A talk by Prof. Sudnya Mahimkar

**Seminar Picture:**

01/10/2018 Prof Sudnya Mahimkar Explaining Research Methodology to students
