Mumbai Metro Design Competition

(Prize distribution ceremony)

Competition	Session: 2019-20	YEARS – I, II, III, IV, V
Date: 22 nd November 2019	Time: 10:00am – 12:00pm	VENUE – Mumbai

PiCA Urban Design Students bag 2 out of 8 awards of Mumbai Metro Student Competition

The Urban Design students from Pillai College of Architecture (PiCA) are proud winners of the 'first runner up' and 'transformative ideas' awards of the Mumbai Metro student competition. These awards were announced at the competition's grand finale on 22nd November 2019.

The competition was a collaboration between ORF and MMRC to invite ideas related to the station area designs of the ongoing metro line 3 in Mumbai from students across the MMR. A total of 51 teams participated in it which went through workshops and interactions with the organisers and a total of 16 teams made it through the concept stage reaching the finals. All the 3 teams from masters Urban Design program at PiCA qualified to the final stage of the competition bagging 2 out of the total 8 awards. A rigorous jury evaluated the proposals from various perspectives. The winning teams from PiCA focused on last mile connectivity, multi-modal integration, priority to pedestrian and non-motorised transport modes and the creation of public spaces while incorporating sustainable practices.

The Marol Naka station which were the first runner up comprised of students Shreya Rathore, Snehal Chaudhari, Sameer Harare and Shreya Gawas. 'Marol was a challenging site in terms of land availability and complexity of functions that led to various transportation concerns' says Shreya Rathore. The students offered a seamless connection between the existing line 1 and proposed line 3 stations through an interchange. The station precinct proposal acknowledged the fact that Marol is fast transforming area and the metro as a transportation option should facilitate Marol as a key commercial node in Mumbai with transit oriented development and public realm as central themes adds Shreya.

The Science Museum team was dealing with an area that is witnessing substantial increase in commercial footprint on one side while city level landmarks of the Science Museum, Mahalaxmi Temple, Mahalaxmi Race Course, Haji Ali, etc. formed a rather stable socio-cultural district. 'The proposal envisaged the role of Science Museum Metro Station as a multi-modal integrator, cross-stitching these diverse and contesting fabrics' says Purva Gawde. The team with Purva Gawde, Pranali Shah and Pijush Mandal received a meritorious recognition for 'transformative ideas'.

The Cuffe Parade team which made it to the final jury stage worked on the concept of 'Uninterrupted' where in the external environment was reclaimed for the pedestrian movement and experiences through people centric design, place making strategies and process driven execution. The team members were Kamlesh Gade, Janhavi Hulawale and Vishal Patankar.

This competition is the culmination of almost six months of a process leading up to the design intervention. The teams were mentored by Richa Sharma who is a faculty and program coordinator for Urban Design at PICA along with faculty members Madhavi Patil, Sanghamitra Barthakur and Kavita Sawant. Prof. Sharma says, 'The competition was one of its kind that allowed students to work on a live project. The learnings and exposure gained through this endeavour have been immense. We hope academic institutions get more of such opportunities to engage young minds in the making of the city and its future'. The teams of students and faculty extend their heartfelt gratitude to MMRC, ORF and their entire competition support team of mentors and jurors for having given this platform to academic institutions.

Streets for People
 CHALLENGE

Design competition brief
 March 2021

About
Streets for People
 CHALLENGE

The Streets for People Challenge is an initiative of the Smart Cities Mission, Ministry of Housing and Urban Affairs (MOHUA), Government of India, to inspire cities to create walking-friendly streets through quick measures, in response to COVID-19.

The Challenge aims to create flagship walking initiatives in cities, which focus on placemaking and liveability. 113 cities have registered for this Challenge to reimagine their streets as public spaces through the lens of economic regeneration, safety, and child-friendly interventions, in order to ensure a green recovery from COVID-19.

The city-led design competition aims to crowdsource innovative ideas for designing and testing the pilot interventions through quick, low-cost solutions.

PILLAI COLLEGE OF ARCHITECTURE, NEW PANVEL

Nirmal Design Competition

(Prize distribution ceremony , Guest lecture, Brief of competition)

SENATE Event	Session: 2022-23	YEARS – I, II, III, IV,V
Date: 7 th January 2023	Time: 10:00am – 12:00pm	VENUE – Zoom Session

Convener:	Prof. Smita Dalvi
SENATE incharge:	Prof. Aditya Gujarkar and Prof. Ashwini Bhosale
SENATEcoordinators:	Ms. Anaswara Suthan and Ms. Mihika Bhagat

Mahatma Education Society's Pillai's College of Architecture, New Panvel , Every year PICA celebrates World Toilet day organizing Nirmal design competition, on successful completion of the Nirmal design competition, We Senate student council in collaboration with Soroptimist Welfare Association (SIBC) organized Prize distribution ceremony on 7th January 2023, 10am -12 pm for announcing final results of Nirmal design competition. The ceremony was hosted by Assi.Prof. Aditya Gujarkar with welcoming chief guest Miss. Namrata Saxena President of SIBC, Jurors, Faculty and students from colleges from new Mumbai. Ceremony began with a brief introduction about an inter college architectural design competition held on account of world toilet day. An official united nation international observance day which is celebrated on 19th November 2023. Action taken to tackle global sanitation crisis. The action leads to united nation sustainable development goals of water and sanitation for all by 2030. Briefs of the competition focused on roadside toilet facilities therefore participants were instructed to select site Context of Navi Mumbai region. Explore architecture of roadside toilet facilities with a fresh approach.

After a brief introduction about competition, a brief Introduction about guest lecture on account of world toilet day by Ar. Kalpit Ashar and Ar. Mayuri sisodiya. Founded by MAD(E)in Mumbai, the mission of their studio lies in transforming everyday of our cities into holistic and fulfilling experiences through the medium of design, their project dreams about the future of public sanitation infrastructure in our cities and villages.

This year competition was floated for all architecture colleges in Navi Mumbai region. 9 architecture colleges of Navi Mumbai participated, we received 48 registrations and 22 proposals were submitted towards the end.

Then explained the process of conducting the Design competition like the coordinator and organizer of competition there were in two teams, Team 1 was student council who took care of registration and allotting the team numbers to the teams. Team 2 was Assi.Prof Aditya Gujarkar and Prof. Ashwini bhosle who looked at managing the submission and Prof. Smita Dalvi was coordinator between us and the jurors.

After explaining Assi.Prof Aditya Gujarkar handed the event over to Prof. Smita dalvi to give a brief introduction about jurors and Chief Guest to share their experience about the entries and short introduction about them The jurors were Ar. Parul Kumtha, Architect and Prof. Mustansir Dalvi PhD, Professor of Architecture.

Without further delay, the winners of Nirmal 2022 were announced. The prize winners of NIRMAL Design Competition 2022 were as follows

PRINCIPAL
PILLAI COLLEGE OF ARCHITECTURE
Dr. K. M. Vasudevan Pillai Campus,
