PILLAI COLLEGE OF ARCHITECTURE , New Panvel

COURSE PLAN

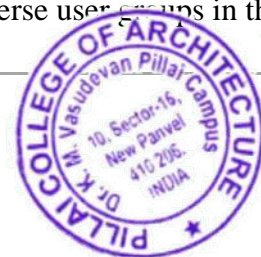

Subject : Architectural Design		Session :		Year : 2023-24	
Course code: 701	Credits: 8	Semester : VII	No of Periods per week : 8		
Examination Scheme		Sessional Marks -	Internal : 100		Total Marks 200
		Theory Paper -	External Jury : 100 Theory Paper : -		

Faculty	Subject coordinator : Prof. Rupali Vaidya				
Faculty team:					
1. Prof. Rupali Vaidya		2. Prof. Jinu Kurien			
3. Prof. Anand Sahasrabudhe		4. Prof. Avinash Sabhagani			
5. Prof. Sayalee Kulkarni		6. Prof. Aditya Gujarkar			
7. Prof. Avishkar Bharti					

Course Aim and objective :

Background: - In the current scenario the builders are taking on redevelopment projects with the open agenda of improving living conditions of the existing residents but in reality serving the more important self-profit making agenda. The process of redevelopment which is executed with collaboration with Mhada or Cidco hardly serves the demands of the existing residents or in simpler words fails to gain trust of the residents or fails to meet the requirements put forward by the residents. More and more societies are showing inclination towards self-Redevelopment than entrusting the same to a builder. This is basically a d.i.y kind of redevelopment method done with the terms of the residents where they agree upon a program fulfilling the requirements of the society members. It is also seen that the residents get much better and satisfying demands in terms of additional amenities and extra living spaces in the housing units.

Aim:- To introduce students to housing as an architectural subject and to develop research skills, conceptual and technical knowledge required to design housing for diverse user groups in the context of India.

Objectives:-

1. Understanding of housing typologies in urban centres, their quantitative and qualitative parameters, associated regulations.
2. Studying different user groups.
3. Analysing the user groups and defining a project intent with strong conceptual foundations.
4. Integrating the inside, outside and the in-between spaces into the lived experience of the users.
5. Enabling private and social, prescriptive and flexible occupation and experience of spaces.
6. Creating a design scheme that engages with the immediate urban context.
7. Integrating the designers' understanding of furniture, interior design, technology, construction details and services.
8. Representing ideas at all levels of the design process with the appropriate language skills and tools - graphical and written/spoken.

Process:-

Through the studio, the work will be produced in groups. Each group will be mentored by a faculty member.

The studio will be divided into 3 parts:

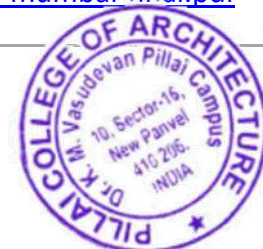

Part 1: Introduction and pre-design studies

Part 2: Design (Conceptual / Schematic / Detailed)

Part 3: Representation Drawings

Suggested Reading Books/ Links/Research Journals

S.No.	Name of the reference
1	Book: How to Build an Indian House: The Mumbai Example by Sameep Padora.
2	Regional Planning and Development by R.C. Chandra.
3	Life between buildings by Jan Gehl
4	Book:Housing and Dwelling: Perspectives on Modern Domestic Architecture by Barbara Miller Lane
5	Essay: Space as a Resource by Charles Correa (From the book, A Place in the Shade)
6	Research Paper: Experiments in Affordable Housing by Uday Athavankar, Prasad Anaokar and Ameya Athavankar
7	Report: Housing Typologies in Mumbai, CRIT https://critmumbai.files.wordpress.com/2011/10/house-types-in-mumbai-final.pdf

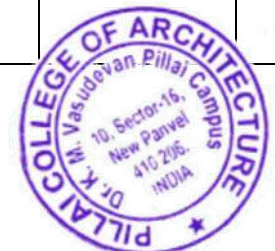

Course Details :

Week	Topic	Objectives	Date	Related Assignments	Date of Submission	Marks weightage %
1.	Module 1: Façade design	The student will explore experimental ideas for facade designs and working details for the same	05/06/23		09/06/23	
	Overview of Housing and Introduction of topic	Introducing the topic to the students and giving them an overview of the topic of Housing	09/06/23	The students are supposed to identify case studies dealing with student housing and Housing schemes	12/06/23	5%
2	Case Studies draft	The students need to understand the idea or conceptual approach by designers towards the projects. The user group needs to be studied and analysed. The study of precedents should be understood as drawings and diagrams of the project (plan, sections, conceptual and organization diagrams)	12/06/23	The pre-design studies will involve case studies, user studies, literature reviews.	16/06/23	10%
	Field work (study visit)		16/06/23			10%
3	Case studies final presentation and discussion	A cumulative discussion based on the varied case studies will orient the students towards the project	19/06/23			
	Introduction of site/ Discussion on process of Site analysis	Familiarizing the students with the site and orienting them towards the different	23/06/23	Students to conduct site analysis based on the following 1. Site	07/07/23

Submission guidelines and requirements for students:-

The submission schedules will be followed strictly and the students will be needed to attend regular studio discussions. The submissions will be only in the form of Drawing hardcopies.

PILLAI COLLEGE OF ARCHITECTURE , New Panvel

Architectural Brief

The Housing Studio in this semester will focus on housing requirements for a neighborhood with requirements for M.I.G housing units. The neighborhood in consideration is a small colony in Nerul housing a mix typology of L.I.G and M.I.G housing units. The topic in this semester is a self-redevelopment proposal for this colony which is more than 35 years old. As a self-redevelopment proposal, the students will be required to document the present scenario of the housing colony, understand the requirements of the residents and propose better living conditions than the existing ones.

The studio hopes to work on a mixed-use architecture type that will cater to families residing in the colony with additional amenities along with the existing ones.

PROGRAM

The architectural program will include the following, but will not be limited to it:

1. Residential units (M.I.G& L.I.G)
2. Retail spaces
3. Social + Leisure amenities (public/semi-public/private)
4. Administration, facility management and utilities
5. Parking

The total number of units to be provided will be finalized after a detailed documentation of the neighborhood which will be done by students in the first lap of the semester. Finer details of sizes and type residential units, retail spaces, administration, facility management and utilities, work + play amenities can be developed by the designers during the pre-design and design process.

LOCATION

The project will be located in Nerul, Navi Mumbai on two plots separated by a road, measuring to a total of 8000 square meters.

The UDCPR guidelines will be the regulatory framework for the project.

PROCESS OF THE STUDIO

The studio will be divided into 3 parts:

Part 1: Introduction and pre-design studies

Part 2: Design (Conceptual / Schematic / Detailed)

Part 3: Representation A structure for the process is detailed as below:

PART 1: INTRODUCTION AND PRE-DESIGN STUDIES

The pre-design studies to have two components. The first component will include the study of the following by each group:

1. Two/three housing projects

A handwritten signature in blue ink, appearing to be 'Am...'. It is written over a diagonal line.

2. Two literature references

3. User studies.

The second component to have detailed site studies, to be conducted in groups as below:

1. Site documentation - 3D modeling, plans and cross-sections with immediate context in AutoCAD and Google SketchUp.

2. Built context of the site - mapping of spatial types in the immediate context.

3. Climate and natural context of the site

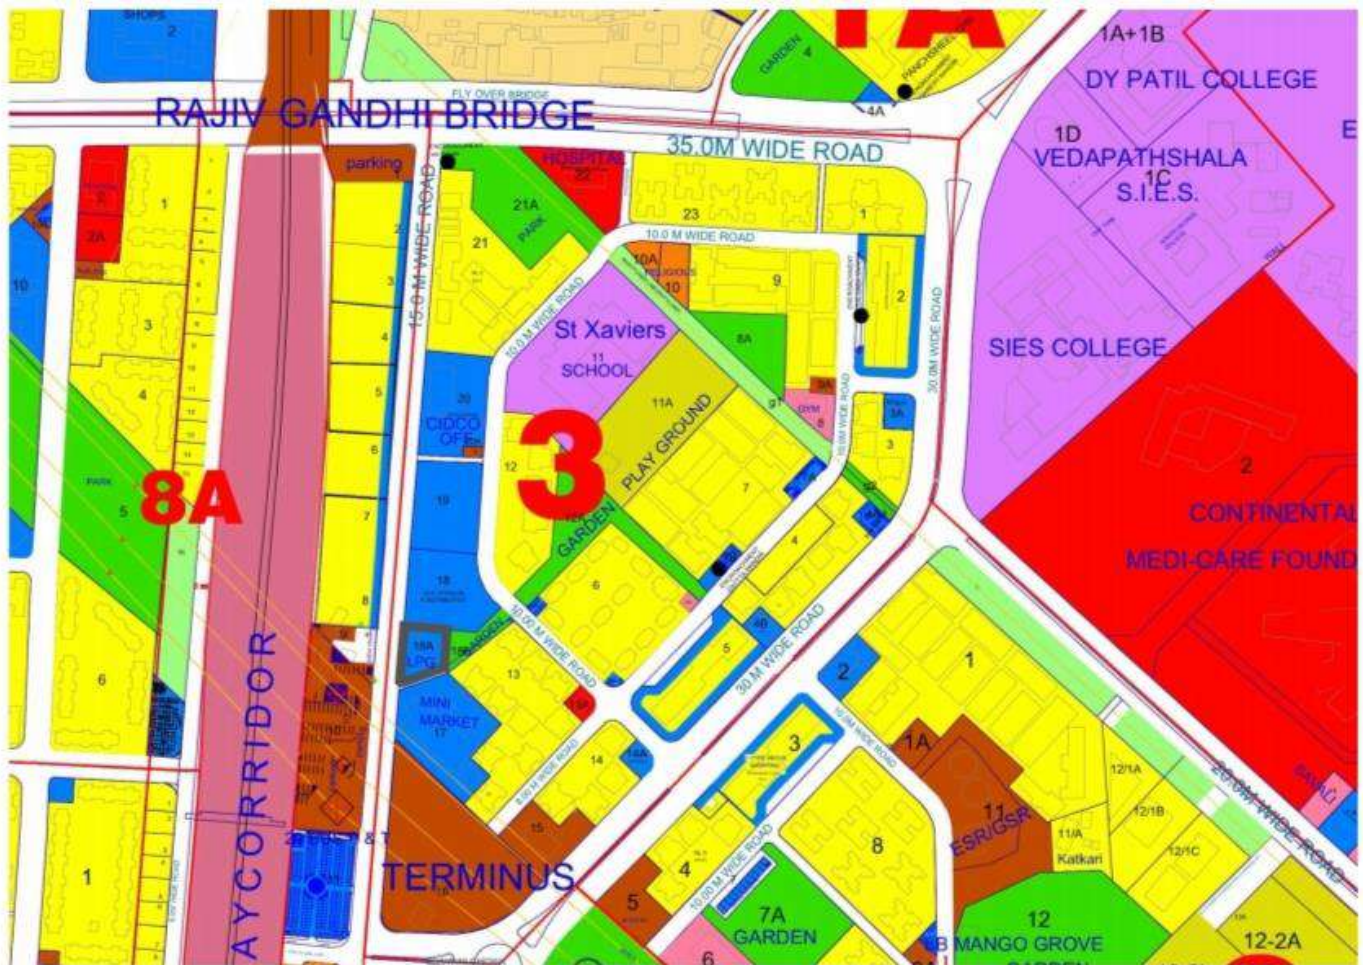

4. Access and site edges

5. UDCPR regulatory guidelines

4. Site Studies: The site studies were presented as an AV or visual presentation.

PART 2: DESIGN (CONCEPTUAL / SCHEMATIC / DETAILED)

PART 3: REPRESENTATION.

The context of the studio is Sector 3 in the node of Nerul in Navi Mumbai. The field visit should enable a detailed understanding of the context and the documentation of the housing typologies and its inhabitation.

M.E.S.

PILLAI COLLEGE OF ARCHITECTURE , New Panvel

COURSE PLAN

Subject : Architectural Building Construction-7		Session : 2023-24	Year : 4 th Year B arch	
Course code : BARC 703	Credits : 3	Semester : 7	No of Periods per week : 6	
Examination Scheme		Sessional Marks -	Internal : 50	Total Marks 100
		Theory Paper -	External Jury : 00 Theory Paper : 50	

Faculty	Subject coordinator : Prof. Rupali Vaidya		
Faculty team:			
1. Prof. Rupali Vaidya	2. Prof. Sarojini Lahot		
3. Prof.Neha Deshpande	4. Prof. Vrinda Padhye		
5. Prof. Prashant Borge	6. Aarti Mankame		

Course Aim and objectives :

Aim:- To understand advance technologies involved in building construction . **Objectives:-**

- Understanding the concept of Single and multi-level basements for Parking and Services and Deep foundations using Piles.
- Studying High rise buildings in RCC and Steel frame of varying structures and the construction process of involved.
- Studying Earthquake resistant construction for Load bearing and framed structures.

Process:-

The subject will be taken up in two sections namely; Theory and Studio. The lectures will be conducted in the class in the form of interactive discussions and site visits. The studio work will reflect the practical aspect of the lectures conducted. The studio work will comprise of studio discussions and drafting of the concerned sheets.

	CLASS TEST 03		26-09-23			20

Submission guidelines and requirements for students:-

The submissions will be take in two formats.

i) Report:

- The reports will be handwritten and appropriately composed in A3 sheet format.
- The report will comprise of all topic related data along with hand drawn and proportionate sketches.
- The reports need to submitted on the scheduled date to avail the allotted marks for the submission.

ii) Sheet :

- The sheets will be drafted in class and submitted on the scheduled date of submission.
- They will be regular discussions for all the assignments in the studio. The studio discussions to be attended is a mandate in order to be marked for all the submissions.

Pillai College of Architecture, New Panvel
MARKS REVIEW MEETING (2024-25)
SEMESTER V

MINUTES OF THE MEETING

Date: 04st October 2024

Time: 01:10 p.m.

Location: Conference Room

Agenda:

- Review of Final Marks for Semester 5
- Discussion on Defaulter Students
- Consideration of Extensions and Assignments for Defaulters
- Identification of Final Defaulters

The meeting commenced at 1:10 p.m. in the college conference room.

Each subject in-charge presented the compiled marks for their respective subjects. The status of all subjects was discussed, highlighting areas of concern, particularly defaulter students.

Discussion on Defaulter Students

Emphasis was placed on identifying students who had failed more than one subject due to irregular attendance and lack of participation but had the potential to achieve the desired outcome if given a chance. It was approved to address the defaulter students and provide them with an opportunity to improve their grades.

Consideration of Extensions and Remedial Marking

An extension was proposed for defaulter students to clear their subjects. Defaulter students must submit the assignments given by the respective faculty members within a specified time frame. The class in-charge will prepare a notice stating the remedial marking dates along with the list of defaulters and circulate it to the students.

Identification of Final Defaulters

Students who had not attended college throughout the semester and failed more than two subjects with poor academic records were identified as final defaulters. It was unanimously decided that these students would not be given another chance to clear their subjects, considering the extent of their academic deficiencies and lack of commitment.

All subject faculty members are requested to submit final internal marks to the exam department by 7th October 2024. The exam department will prepare and release a list of final defaulters and share it with the students before the commencement of the final exams.

Action Items:

- Subject in-charges to assign remedial work for defaulters.
- Subject in-charges to update the spreadsheet of compiled marks for Semester 5.
- Subject in-charges to submit revised marks to the exam department.
